Cape EAPrac
PUBLIC PARTICIPATION PROCESS
SUNVELD SOLAR PV FACILITY AND BATTERY
ENERGY STORAGE SYSTEM.

Notice is hereby given of a Public Participation Process in terms of the National Environmental Management Act (Act No 107 of 1998) and the National Heritage Resources Act (NHRA)(No.25 of 1999).

Applications for a Scoping and Environmental Impact Reporting process have been submitted to the National Department of Forestry, Fisheries and the Environment for the proposed Sunveld Solar PV Energy Facility, Battery Energy Storage System (BESS) and Associated Infrastructure. The PV Facilities, BESS and Associated Infrastructure are situated on farm Kruispad 120 and on the farm Doornfontein A 118 situated approximately 7.5 km East Veldrif in the Western Cape Province.

Proponents: Sunveld Energy (Pty) Ltd, **Environmental Consultant:** Cape EAPrac

Proposal PV Facilities: It is the intention of the proponent, as a Renewable Energy Independent Power Producers to develop a Solar Photovoltaic (PV) Facility of up to 600 Megawatts, with associated infrastructure including on site substations, auxiliary buildings, inverter stations, battery energy storage systems, access and internal roads, laydown areas, perimeter fences and security infrastructure on the abovementioned property.

The procedures for a Scoping and Environmental Impact Reporting Process in terms of the 2014 EIA Regulations are being followed for this proposed project. The following activities, in terms of Government Notice R983, R984 & R985 are applicable to the proposed development: **GN R983 Activities:** 11(i), 12(ii)(c), 14, 19, 27(ii), 28(ii) & 48. **GN R984 Activities:** 1, 4, & 15. **GN R985 Activities:** 4(i)(ii)(aa), 10(i)(ii), 12(i)(i)&(ii), 14(i)(ii)(c)(i)(ff), & 18(i)(II)(aa).

A DRAFT SCOPING REPORT IS AVAILABLE FOR A 30 DAY REVIEW AND COMMENT PERIOD FROM 15 SEPTEMBER 2023 – 16 OCTOBER 2023.

In order to be registered as an **Interested and Affected Party (I&AP)**, individuals are requested to respond to this notice by submitting their complete contact details and any comment on the Draft Scoping Report to Cape EAPrac in writing on or before 16 October 2023. Online registration forms and copies of the Draft Scoping Reports will be available on the Cape EAPrac website: www.cape-eaprac.co.za. Should any parties not have access to this online platform, they should contact to Cape EAPrac, who will provide an alternative means to access physical copies of the available information.

Cape EAPrac
PUBLIC PARTICIPATION PROCESS
Proposed 300MW - 500MW PV Development and associated infrastructure on the Remainder of the farm Kruispad 120 as well as the Remainder of the farm Doornfontein A 118, Bergrivier Local Municipality

Scoping and Environmental Impact Reporting Process

Notice is hereby given of a Public Participation Process in terms of the Environmental Management Act (Act No 107 of 1998) and the National Resources Act (NHRA)(No.25 of 1999).

Application for an Environmental Impact Reporting process will be submitted to the Department of Forestry, Fisheries and the Environment for a Solar PV Development on the Remainder of the farm Kruispad 120 as well as the Remainder of farm Doornfontein A 118, Bergrivier Local Municipality. The area is approximately 1000 hectares of the town Veldrift.

Proponents: Sunveld Energy PV Development (PTY) LTD

Environmental Consultant: Cape EAPrac

Proposal: It is the intention of the proponents, as a Renewable Energy Independent Producers Unit (REIPU), to develop an up to 500 Megawatt Solar Photovoltaic (PV) Facilities on the abovementioned farm with associated infrastructure including on site substations, auxiliary buildings, access roads, laydown areas, battery energy storage systems, access and internal roads, laydown areas, perimeter fences, security infrastructure and electrical reticulation infrastructure.

The procedures for a Scoping and Environmental Impact Reporting process in terms of the Environmental Management Act (Act No 107 of 1998) and the National Resources Act (Act No 25 of 1999) are being followed for this project. The following activities, in terms of Government Notice R983, R984 & R985 may be applicable: GN R983: 11(i) & 12(xii)(a)/(c) GN R984: 1, 2 & 15 GN R985: 4(i)(ii)(aa), 12(i)(i) & 12(i)(ii)(a).

In order to be registered as an Interested and Affected Party (I&AP), individuals and organisations are requested to respond to this notice by submitting their complete contact details and a written comment to Cape EAPrac in writing (to address below). Online registration forms are available on the Cape EAPrac website: www.cape-eaprac.co.za. Once registered, Cape EAPrac will notify all I&AP's when the Draft Scoping Reports are available for review and comment. Should any parties not have access to this online platform, they should contact Cape EAPrac, who will provide an alternative means to access the available information.

PUBLIC PARTICIPATION PROCESS
Proposed 300MW - 500MW PV Development and associated infrastructure on the Remainder of the farm Kruispad 120 as well as the Remainder of the farm Oerwagstein A 118, Bergvliet Local Municipality

Scoping and Environmental Impact Reporting Process
Notice is hereby given of a Public Participation Process in terms of the National Environmental Management Act (Act No 107 of 1998) and the National Heritage Resources Act (NHRA) No. 25 of 1999.

Application for an Environmental Impact Reporting process will be submitted to the National Department of Energy, Fossil Fuels and the Department for a Solar Photovoltaic Farm (Dominated) A 118, Bergvliet Local Municipality. The area is approximately 6 km East of the town of Oerwagstein.

Proponent: Sundrop Energy Development (Pty) Ltd

Environmental Consultant: Cape EAPrac

Proposed: In the Remainder of the proponent's, as a Renewable Energy Independent Power Producer (IPP) Facility on the above-mentioned property, with associated photovoltaic modules, with substations, auxiliary buildings, water storage, battery energy storage systems, access roads, roads, single, double, and gravel roads, security perimeter fence and electrical distribution infrastructure.

The purpose for a Scoping and Environmental Impact Reporting process in terms of the National Environmental Management Act (Act No 107 of 1998) and the National Heritage Resources Act (NHRA) No. 25 of 1999, is to determine the potential impacts of the proposed project on the environment and to develop measures to avoid, minimize, and compensate for any adverse effects.
