CONSENT FROM THE LANDOWNER / PERSON IN CONTROL OF THE LAND, ON WHICH THE ACTIVITY IS TO BE UNDERTAKEN

Submitted in terms of the requirements of sub-regulation 39(1) of the Environmental Impact Assessment Regulations, 2014 (if the applicant is not the owner or person in control of the land on which the activity is to be undertaken).

KINDLY NOTE THAT:

1. This document should be attached as Appendix 3 to: The application form for Environmental Authorization in terms of the National Environmental Management Act, 1998 (Act No. 107 of 1998).
2. This form is current as of August 2023. It is the responsibility of the Applicant / Environmental Assessment Practitioner ("EAP") to ascertain whether subsequent versions of the form have been released by the Department.
3. One form must be filled in per landowner.

1. DETAILS OF APPLICANT:

Project Applicant	Sunveld Energy (Pty) Ltd
Trading name (if any)	NA
Contact person	Mr Marshall Mabin
Physical address	240 Main Road, Rondebosch, Cape Town
Postal address:	240 Main Road, Rondebosch, Cape Town
Postal code	7700
Telephone/ cell:	0795784511
E-mail:	marshall@merchant.energy

The processing of personal information by the Department of Forestry, Fisheries and the Environment is done lawfully and not excessive to the purpose of processing in compliance with the POPI Act, any codes of conduct issued by the Information Regulator in terms of the POPI Act and / or relevant legislation providing appropriate security safeguards for the processing of personal information of others.

CONSENT FROM THE LANDOWNER – AUGUST 2023

2. DETAILS OF LANDOWNER:

(where the applicant is not the landowner or person in control of the land)

Landowner or person in control of the land:	DOORNFONTEIN FAMILIETRUST
Contact person	Ryk Nicholas Melck
Physical address	Remainder of the Farm 118, Doornfontein A
Postal address:	Doornfontein Farm, PO BOX 17, Velddrif, 7365
Postal code	7365
Telephone/ cell:	083 320 6396 / 022 783 0853
E-mail:	farm@doornfonteinfarm.co.za

3. PROJECT DETAILS AND ACTIVITIES APPLIED FOR:

Project title	The up to 600MW Sunveld Solar PV Facility & BESS Development and associated infrastructure on Farm Kruispad 120 and Farm Doornfontein A 118, situated in the Berg River Local Municipality of the West Coast District in the Western Cape Province
----------------------	--

3.1. Activities applied for:

Describe each listed activity in Listing Notices 1, 2 or 3 (GNR 983 -985, 04 December 2014) which is being applied for as per the project description

Activity No(s):	Provide the relevant Basic Assessment Activity(ies) as set out in Listing Notice 1 of the EIA Regulations, 2014 as amended	Describe the portion of the proposed project to which the applicable listed activity relates. Ensure to include thresholds/area/footprint applicable.
11(i)	The development of facilities or infrastructure for the transmission and distribution of electricity— (i) outside urban areas or industrial complexes with a capacity of more than 33 but less than 275 kilovolts;	The two on site substations will have a capacity of up to 132 kilovolt. 132kV powerlines will be routed in an EGI corridor/servitude from the two on-site substations to the grid connection Length of these to be determined from during final layouts.
12(ii)(c)	The development of— (ii) infrastructure or structures with a physical footprint of 100 square metres or more; where such development occurs— (c) if no development setback exists, within 32 metres of a watercourse, measured from the edge of a watercourse;	The applicability of this activity will be determined with input from the aquatic specialist once the final layouts are developed.
14	The development and related operation of facilities or infrastructure, for the storage, or for the storage and handling, of a dangerous good, where such storage occurs in containers with a combined capacity of 80 cubic metres or more but not exceeding 500 cubic metres.	The proposed Sunveld Energy Development includes a Battery Energy Storage Component exceeding the threshold of this activity

CONSENT FROM THE LANDOWNER – AUGUST 2023

19	The infilling or depositing of any material of more than 10 cubic metres into, or the dredging, excavation, removal or moving of soil, sand, shells, shell grit, pebbles or rock of more than 10 cubic metres from a watercourse;	The applicability of this activity will be determined with input from the aquatic specialist once the final layouts are developed.
27(ii)	The development of a road— (ii) with a reserve wider than 13,5 meters, or where no reserve exists where the road is wider than 8 metres;	The main access road for the proposed facility will have a width of 5m but will exceed 8m at the intersections with existing main roads.
28(ii)	Residential, mixed, retail, commercial, industrial or institutional developments where such land was used for agriculture, game farming, equestrian purposes or afforestation on or after 01 April 1998 and where such development: (ii) will occur outside an urban area, where the total land to be developed is bigger than 1 hectare;	The proposed PV and BESS Development constitutes Commercial / Industrial use and will occur on a property currently used for agricultural purposes.
48	The expansion of— (i) infrastructure or structures where the physical footprint is expanded by 100 square metres or more; or (c) if no development setback exists, within 32 metres of a watercourse, measured from the edge of a watercourse;	The applicability of this activity will be determined with input from the aquatic specialist once the final layouts are developed.
Activity No(s):	Provide the relevant Scoping and EIA Activity(ies) as set out in Listing Notice 2 of the EIA Regulations, 2014 as amended	Describe the portion of the proposed project to which the applicable listed activity relates. Ensure to include thresholds/area/footprint applicable.
1	The development of facilities or infrastructure for the generation of electricity from a renewable resource where the electricity output is 20 megawatts or more.	The proposed Sunveld Energy Project will have an Electricity Footprint of up to 600 megawatts.
4	The development and related operation of facilities or infrastructure, for the storage, or storage and handling of a dangerous good, where such storage occurs in containers with a combined capacity of more than 500 cubic metres.	The proposed Sunveld Energy Development includes a Battery Energy Storage Component exceeding the threshold of this activity
7	The development and related operation of facilities or infrastructure for the bulk transportation of dangerous goods— (ii) in liquid form, outside an industrial complex, using pipelines, exceeding 1 000 metres in length, with a throughput capacity of more than 50 cubic metres per day;	The applicability of this activity will be determined with input from the BESS Specialist on completion of the detailed layout design
15	The clearance of an area of 20 hectares or more of indigenous vegetation.	The proposed Sunveld Energy project will require the clearance of more than 20ha of indigenous vegetation.
Activity No(s):	Provide the relevant Basic Assessment Activity(ies) as set out in Listing Notice 3 of the EIA Regulations, 2014 as amended	Describe the portion of the proposed project to which the applicable listed activity relates. Ensure to include thresholds/area/footprint applicable.

CONSENT FROM THE LANDOWNER – AUGUST 2023

4(i)(ii)(aa)	The development of a road wider than 4m with a reserve less than 13,5m. (ii). Areas outside urban areas; (aa) Areas containing indigenous vegetation;	The internal roads for Sunveld energy will have a maximum width of 4m and the main access roads will have a maximum width of 5m.
10(i)(ii)	The development and related operation of facilities or infrastructure for the storage, or storage and handling of a dangerous good, where such storage occurs in containers with a combined capacity of 30 but not exceeding 80m ³ ii. All areas outside urban areas;	The proposed Sunveld Energy Development includes a Battery Energy Storage Component exceeding the threshold of this activity
12(i)(i)&(ii)	The clearance of an area of 300m ² or more of indigenous vegetation except where such clearance of indigenous vegetation is required for maintenance purposes undertaken in accordance with a maintenance management plan. i. Within any critically endangered or endangered ecosystem listed in terms of section 52 of the NEM:BA or prior to the publication of such a list, within an area that has been identified as critically endangered in the National Spatial Biodiversity Assessment 2004; ii. Within critical biodiversity areas identified in bioregional plans;	The vegetation on site is mapped as the endangered Saldanha Flats Strandveld. Portions of the site fall within a Critical Biodiversity Area in terms of the Western Cape Biodiversity Sector Plan. More than 300 Square metres of vegetation will be removed in the endangered vegetation type and the critical biodiversity areas.
14(i)(ii)(c)(i)(ff)	The development of (ii) infrastructure or structures with a physical footprint of 10m ² or more; where such development occurs— (c) if no development setback has been adopted, within 32 metres of a watercourse, measured from the edge of a watercourse; i. Outside urban areas: (ff) Critical biodiversity areas or ecosystem service areas as identified in systematic biodiversity plans adopted by the competent authority or in bioregional plans;	The applicability of this activity will be determined with input from the aquatic specialist once the final layouts are developed.
18(i)(II)(aa)	The widening of a road by more than 4m, or the lengthening of a road by more than 1km. ii. All areas outside urban areas: (aa) Areas containing indigenous vegetation;	The main and internal access roads will require that existing farm tracks be widened by more than 4m in some areas.

4. PROPERTY DESCRIPTION:

Property Description	Farm Doornfontein A 118
Town(s) or district(s):	Velddrif, Berg River local Municipality, West Coast District, Western Cape Province.
Physical (street) address of project:	Farm Doornfontein A 118

5. CONSENT FROM LANDOWNER OR PERSON IN CONTROL OF THE LAND TO UNDERTAKE THE ACTIVITY/IES:

CONSENT FROM THE LANDOWNER – AUGUST 2023

I, Rijk Nicholas Melck, declare that, I:-

1. Am the landowner or person in control of the property described in Section 4 of this document; and
2. That I hereby give consent to the applicant Sunveld Energy (Pty) Ltd as described in section 1 of this document to undertake the activity/ies as described in section 3 of this document on the property described in section 4.

Signature of the landowner or person in control of the land
