Note: You are receiving this notification letter for one of the following reasons:

1. You registered or provided comment during the Scoping Phase of the Environmental Process.
2. You have been identified by Cape EAPrac as a potential stakeholder.
3. You have responded to the site notice or newspaper advert.
4. You have been identified as an adjacent of affected landowner.

Cape Environmental Assessment Practitioners (Pty) Ltd. (Cape EAPrac) has been appointed by the applicant, Kareekloof Energy (Pty) Ltd, as independent environmental assessment practitioner (EAP), to facilitate the Scoping and Environmental Impact Reporting (S&EIR) processes required in terms of the National Environmental Management Act (NEMA, Act 107 of 1998) and 2014 EIA Regulations (as amended) for the proposed **Kareekloof Solar PV & BESS Facility** on the abovementioned properties.

The Applicant, Kareekloof Energy (Pty) Ltd, is proposing the construction of a photovoltaic (PV), and Battery Energy Storage System (BESS) energy facility (known as Kareekloof PV Facility and BESS) on the abovementioned farm portions near de Aar in the Northern Cape Province.

The Infrastructure associated with the up to 900MW PV facility includes:

- PV modules and mounting structures;
- Inverters and transformers;
- Cabling;
- Battery Energy Storage System (BESS);
- Site and internal access roads;
- Auxiliary buildings (33 kV switch room, gatehouse and security, control centre, office, warehouse, canteen & visitors centre, staff lockers etc.);
- Perimeter fencing and security infrastructure;
- Rainwater tanks;
- Temporary and permanent laydown areas;
- Facility substations.

Good Morning Ludwig

Thank you for the confirmation of where your properties are situated in relation to the proposed Kareekloof Solar PV.

We have appointed a Social Specialist to consider the Socio Economic Impacts of the development on (amongst others) the surrounding landowners. I will notify him that you have raised a concern regarding negative socio-economic impacts on the area. As part of his assessment, he will then engage further with you to get a better understanding of the concerns.

Hi Dale

That is part of the property , correct. The rest is to the south.

What do you think is my problem that I defined as having a "negative impact on the socio economics of the area" ?
