Attention: Mr. Van Turha

NOTIFICATION OF THE BASIC ASSEMENT PROCESS FOR THE PROPOSED GRID CONNECTION INFRASTRUCTURE OVER PORTION 10 OF THE FARM WELTEVREDEN NEAR NO. 170 BEAUFORT WEST, WESTERN CAPE.

Bulskop Grid (Pty) Ltd, proposes the construction and operation of grid connection infrastructure for the proposed PV facilities located on the Remaining Extent of Farm No. 423 near Beaufort West in the Western Cape Province.

Amongst others, the proposed grid connection infrastructure will include a single or double circuit powerline from the collector switching station to the Droerivier MTS.

Cape EAPrac (Pty) Ltd has been appointed by the Applicant to undertake a Basic Assessment (BA) process for the proposed grid connection infrastructure. As part of the BA process, a grid connection corridor of approximately 300m wide long is being assessed to allow for the optimisation of the grid connection and associated infrastructure and for the avoidance of identified environmental sensitivities.

As the registered landowner of the Hans Rivier being Portion 4 of Farm No. 169, held by Title Deed No T73357/2008 which is owned by the Beaufort West Local Municipality, we hereby inform you that a portion of the grid connection corridor route is proposed to traverse your identified property (see Figure 1).

In terms of Section 5.1 of Government Gazette No. 44191 (gazetted on 26 February 2021), we hereby request that you confirm acknowledgement and approval of the proposed grid corridor route in respect of your identified property.

Furthermore, please be advised that, as part of the BA process, public participation has been undertaken, and as a landowner you have the right to participate in this process.

Please sign the acknowledgement form that follows and return the original by post to the address provided below:
