Department: Forestry, Fisheries and the Environment REPUBLIC OF SOUTH AFRICA

Private Bag X447, Pretoria, 0001, Environment House, 473 Steve Biko Road, Pretoria, 0002 Tel: +27 12 399 9000, Fax: +27 86 625 1042

#### CONSENT FROM THE LANDOWNER / PERSON IN CONTROL OF THE LAND, ON WHICH THE ACTIVITY IS TO BE UNDERTAKEN

Submitted in terms of the requirements of sub-regulation 39(1) of the Environmental Impact Assessment Regulations, 2014 (if the applicant is not the owner or person in control of the land on which the activity is to be undertaken).

#### KINDLY NOTE THAT:

- 1. This document should be attached as Appendix 3 to: The application form for Environmental Authorization in terms of the National Environmental Management Act, 1998 (Act No. 107 of 1998).
- 2. This form is current as of August 2023. It is the responsibility of the Applicant / Environmental Assessment Practitioner ("EAP") to ascertain whether subsequent versions of the form have been released by the Department.
- 3. One form must be filled in per landowner.

#### 1. DETAILS OF APPLICANT:

Project Applicant	WKN Windcurrent SA (Pty) Ltd
Trading name (if any)	WKN Windcurrent SA (Pty) Ltd
Contact person	Michael Mangnall
Physical address	301 Sunclare Building
	21 Dreyer Street
	Claremont
	Cape Town
	South Africa
Postal address:	301 Sunclare Building

#### 3. PROJECT DETAILS AND ACTIVITIES APPLIED FOR:

Project title

Benya Solar PV Facility and Associated Infrastructure

#### 3.1. Activities applied for:

Describe each listed activity in Listing Notices 1, 2 or 3 (GNR 983 -985, 04 December 2014) which is being applied for as per the project description

Activity No(s):	Provide the relevant <b>Basic Assessment Activity(ies)</b> as set out in <b>Listing Notice 1</b> of the EIA Regulations, 2014 as amended	Describe the portion of the proposed project to which the applicable listed activity relates. Ensure to include thresholds/area/footprint applicable.
11	The development of facilities or infrastructure for the transmission and distribution of electricity – (i) outside urban areas or industrial complexes with a capacity of more than 33 but less than 275 kilovolts.	The proposed development will include electrical grid infrastructure with a capacity of more than 33 but less than 275 kilovolts to connect the solar PV facility to the Eskom National Electricity Network (via LILO connection).
12	The development of – (ii) infrastructure or structures with a physical footprint of 100 square metres or more;	Portions of the proposed development may be located within 32 metres of a watercourse, however, specific development layouts are to be informed by specialist site sensitivity verification.
	<ul> <li>Where such development occurs –</li> <li>(a) within a watercourse;</li> <li>(c) if no development setback exists, within 32 metres of a watercourse, measured from the edge of a watercourse.</li> </ul>	
19	The infilling or depositing of any material of more than 10 cubic metres into, or the dredging, excavation, removal or moving of soil, sand, shells, shell grit, pebbles or rock of more than 10 cubic metres from a watercourse.	Portions of the proposed development may entail the movement of more than 10 cubic metres of soil within a watercourse, however, specific development layouts are to be informed by specialist site sensitivity verification.
24	The development of a road – (ii) with a reserve wider than 13.5 metres, or where no reserve exists where the road is wider than 8 metres.	The proposed development will entail the construction of access and/or internal roads wider than 8 metres.
28	Residential, mixed, retail, commercial, industrial or institutional developments where such land was used for agriculture, game farming, equestrian purposes or afforestation on or after 01 April 1998 and where such development: (ii) will occur outside an urban area, where the total land to be developed is bigger than 1 hectare.	The proposed development will be located on land that was used for game farming outside an urban area with an area to be developed bigger than 1ha.
56	The widening of a road by more than 6 metres, or the lengthening of a road by more than 1 kilometre – (i) where the existing reserve is wider than 13.5 metres; or	The existing roads on the site may be widened by more than 6m.

#### CONSENT FROM THE LANDOWNER - AUGUST 2023

	(ii) where no reserve exists, where the existing road is wider than 8 metres.	
Activity No(s):	Provide the relevant Scoping and EIA Activity(ies) as set out in Listing Notice 2 of the EIA Regulations, 2014 as amended	
1	The development of facilities or infrastructure for the generation of electricity from a renewable resource where the electricity output is 20 megawatts or more, excluding where such development of facilities or infrastructure is for photovoltaic installations and occurs – (a) within an urban area; or (b) on existing infrastructure.	The proposed project entails the development of a PV Facility exceeding 20 megawatts.
4	The development and related operation of facilities or infrastructure, for the storage, or storage and handling of a dangerous good, where such storage occurs in containers with a combined capacity of more than 500 cubic metres.	The proposed project entails the development of a Battery Energy Storage System (BESS) that will have a combined capacity exceeding 500 cubic metres.
15	The clearance of an area of 20 hectares or more of indigenous vegetation.	The proposed development will entail the clearance of an area exceeding 20 hectares in size of indigenous vegetation.
Activity No(s):	Provide the relevant Basic Assessment Activity(ies) as set out in Listing Notice 3 of the EIA Regulations, 2014 as amended	Describe the portion of the proposed project to which the applicable listed activity relates. Ensure to include thresholds/area/footprint applicable.
4	The development of a road wider than 4 metres with a reserve less than 13.5 metres.	The proposed development will entail the development of roads wider than 4 metres with a reserve less than 13.5 metres, within Limpopo and outside urban areas.
12	<ul> <li>i. Outside urban areas:</li> <li>(aa) A protected area identified in terms of NEMPAA, excluding disturbed areas;</li> <li>(bb) National Protected Area Expansion Strategy Focus areas;</li> <li>(cc) Sensitive areas as identified in an environmental management framework as contemplated in chapter 5 of the Act and as adopted by the competent authority;</li> <li>(dd) Sites or areas identified in terms of an international convention;</li> <li>(ee) Critical biodiversity areas as identified in systematic biodiversity plans adopted by the competent authority or in bioregional plans;</li> <li>(ff) Core areas in biosphere reserves; or</li> <li>(gg) Areas within 10 kilometres from national parks or world heritage sites or 5 kilometres from any other protected area identified in terms of a biosphere reserve, excluding disturbed areas.</li> </ul>	Majority of the project site falls within a Critical biodiversity Area 2 (CBA2) according to the Limpopo Conservation Plan V2. In addition, the project site is located within 5 kilometres from the following protected area according to the South Africa Protected Areas Database (SAPAD_OR_2024_Q3): • Weltevrede Private Nature Reserve
12	The clearance of an area of 300 square metres or more of indigenous vegetation except where such clearance of indigenous vegetation is required for maintenance purposes undertaken in accordance with a maintenance management plan.           Limpopo           i. Within any critically endangered or endangered	The proposed development will entail the clearance of more than 300 square metres of indigenous vegetation within Limpopo. Majority of the project site falls within a Critical biodiversity Area 2 (CBA2) according to the Limpopo Conservation Plan V2.
	ecosystem listed in terms of section 52 of the NEMBA or prior to the publication of such a list, within an area that has been identified as critically endangered in the National Spatial Biodiversity Assessment 2004; ii. Within critical biodiversity areas identified in bioregional plans; or
